

Overview of MLM Project Services, Inc.

- Certified Primavera Technology & Hosting Partner
- Wholly Owned Subsidiary of DRMcNatty & Associates, Inc. a Primavera Authorized Reseller
- Over 25-years Experience in Deploying Primavera Software

IT Challenges

- Difficulty Retaining Skilled Talent
- Maintaining Service Levels
- Remaining Agile/Time to Market
- Support End Users (Especially Globally)
- Keeping a Service Oriented-Culture

The Hosted Model

- Customer Applications are Centrally Hosted in our Datacenters
- Southern California (serving the United States)
- London (serving Continental Europe and the Middle East)
- Singapore (serving Asia and the South Pacific)
- Support Resources and Certain Elements of Infrastructure are Shared Across Customers on a One-to-many Business Model
- The Predictable Monthly Fee is Dependant upon the Number of Applications Hosted, User Seats, and Service Level Agreements
- Contracts are Usually One-Year in duration, Payable either Monthly, Quarterly, or Annually. Longer Contracts are also Available.

The Value Proposition

- Reduce Maintenance & Management Costs
- Increase Business Agility
- Access Difficult to Find Talent
- Improve Uptime and Performance
- Increase Speed to Market for New Implementations, Functional Changes and Upgrades
- Improve Cost Predictability
- Refocus IT Talent on more Valuable and Revenue-Enhancing Initiatives, and away from Maintenance and Operational Activities
